Atharv Sharma

Aspiring Software Developer | C++ & DSA Enthusiast

GitHub | LinkedIn | Portfolio

GeeksforGeeks | atharv.sh5599@gmail.com

Summary

B.Tech student specializing in Computer Science Engineering (AI/ML), with a strong interest in software development, problem-solving, and programming. Focused on strengthening fundamentals in C++ and Data Structures & Algorithms while exploring Python, Artificial Intelligence and Machine Learning, and Full-Stack Web Development. Eager to apply technical knowledge through practical projects and software development opportunities.

Technical Skills

Languages	C++, Python
DSA	Data Structures, Algorithms, Problem Solving
Python Libraries	NumPy, Pandas
Web Technologies	HTML, CSS
Areas of Interest	Software Development, AI/ML, Full-Stack Web Development
Tools and Platforms	Git, GitHub, GeeksforGeeks

Education

Expected 2029 **B.Tech in Computer Science Engineering (AI/ML)**
Currently pursuing undergraduate studies *CGPA: 7.4/10*

DAV Public School
School education

Projects

Personal Portfolio Website Live Website

- Developed a personal portfolio website to present my technical interests, education, skills, and coding profiles.
- Created an online platform to share my development journey and provide access to my professional profiles.

Coding Profile

GeeksforGeeks View Coding Profile
GitHub View Repositories

Achievements & Activities

- Participated in Smart India Hackathon (SIH).
- Actively practicing Data Structures & Algorithms and strengthening problem-solving skills.
- Continuously exploring Python, AI/ML, and Full-Stack Web Development.
